Save the Fraser Declaration

WE THE UNDERSIGNED INDIGENOUS NATIONS OF THE FRASER RIVER WATERSHED DECLARE:

We have inhabited and governed our territories within the Fraser watershed, according to our laws and traditions, since time immemorial. Our relationship with the watershed is ancient and profound, and our inherent Title and Rights and legal authority over these lands and waters have never been relinquished through treaty or war.

Water is life, for our peoples and for all living things that depend on it. The Fraser River and its tributaries are our lifeline.

A threat to the Fraser and its headwaters is a threat to all who depend on its health. We will not allow our fish, animals, plants, people and ways of life to be placed at risk.

We have come together to defend these lands and waters from a grave threat: the Enbridge Northern Gateway Pipelines project. This project which would link the Tar Sands to Asia through our territories and the headwaters of this great river, and the federal process to approve it, violate our laws, traditions, values and our inherent rights as Indigenous Peoples under international law.

Therefore, in upholding our ancestral laws, Title, Rights and responsibilities, we declare:

We will not allow the proposed Enbridge Northern Gateway Pipelines, or similar Tar Sands projects, to cross our lands, territories and watersheds, or the ocean migration routes of Fraser River salmon.

We are adamant and resolved in this declaration, made according to our Indigenous laws and authority. We call on all who would place our lands and waters at risk – we have suffered enough, we will protect our watersheds, and we will not tolerate this great threat to us all and to all future generations.
